4088861012 | San Jose, CA 95124

Education

Rhode Island School of Design

Sep 2022 - May 2026

Bachelor of Fine Arts (BFA) Industrial Design | *Graduated with Honors*

Relevant Coursework:

Manufacturing Techniques, Advanced CAD, Designing with SolidWorks, CATALYST: Design Innovation, Digital Culture

Work Experience

Product Design Intern

Jun 2026 - Jan 2027

Disney Consumer Products | Orlando, FL

- Disney Signature Experiences, designed and developed merchandise items for Disney Cruise Line, Aulani, WDW Resorts, Disney Vacation Club, and Epcot World Showcase, creating manufacturing sheets, mock-ups, line sheets, and pitch decks with Adobe Illustrator.
- Conceptualized, sketched, and prototyped trend-right, consumer-centric product lines, ensuring quality in character execution, storytelling, and color/material/form/function while balancing innovation and profitability.
- Cross-collaboration with merchandising, strategy, sourcing, marketing, brand assurance, legal, 3D modeling, and graphic design teams

Product Development Intern

Jun 2025 - Aug 2025

Warner Bros. Discovery | Los Angeles, CA

- Part of Global Consumer Products and developed 2D/3D product and packaging mock-ups for Harry Potter, Looney Tunes, Tom and Jerry, Yogi Bear, Powerpuff Girls, and Scooby-Doo and Gilmore Girls, using Adobe Illustrator, Photoshop, and Rhino 3D.
- Developed concepts for plush, bags, bottles, headbands, shoes, slippers, hair accessories, and apparel.
- Proposed original product concepts for themed entertainment merchandise across 3 seasons; conducted market research and trend analysis to generate mood boards and style guide references supporting early-stage product development.

Visual Designer & Finance Lead

Sep 2024 - May 2026

Industrial Designers Society of America (IDSA) | Providence, RI

- Designed social media graphics and promotional posters to support event publicity, maintaining a cohesive academic visual tone for student-led design initiatives.
- Oversaw internal operations and annual budgeting, managing funds for events and initiatives and coordinating connections between industry professionals, the RISD Industrial Design Department, and IDSA Providence.

UX Designer

Sep 2024 - May 2025

RISD Astro | Providence, RI

- Designed the user interface layout for lunar mission rover controls as part of the NASA Spacesuit User Interface Technologies for Students (S.U.I.T.S.) Challenge, working in a team of five designers and one developer.

Design Lead

Sep 2023 - May 2025

Fullstack at Brown University | Providence, RI

- Collaborated in a team of two designers and 10+ developers on full-stack client projects, focusing on front-end design with Figma and UI/UX.
- Developed websites from lo-fi to hi-fi, including a consistent branding image for each.
- Led the design of three projects: Dr. Rangel's Research Lab, Aging and Cognition Lab, and Resumed Undergraduate Student Association (RUSA).

Industrial Design Intern

Jun 2024 - Aug 2024

LKK Design | Beijing, China

- Created client-preferred designs with a multidisciplinary team, utilizing hand sketching, SolidWorks, Rhino 3D modeling, and Keyshot rendering to present industry-level projects to clients.
- Collaborated with doctors to design user-centric medical equipment, focusing on ergonomics and usability.
- Worked with industrial designers and hardware engineers to ensure products moved from design ideation through factory development.

Design Intern

Feb 2024 - May 2024

Vosyn LLM | Remote

- Collaborated with cross-functional teams to design the second iteration of the Vosyn.ai website.
 - Ideated with the web team to design graphic features showcasing and implementing the company's accessibility and privacy policies.
